

Informational Webinars

We invite you to attend one of our upcoming JET Program Informational webinars to learn more about the program and the application process. The Japan Exchange and Teaching (JET) Program offers young professionals the opportunity to work in Japan as Assistant Language Teachers (ALTs) or Coordinators for International Relations (CIRs). Since 1987, more than 70,000 JET Program participants from 75 countries have lived and worked in cities, towns, and villages throughout Japan.

Join JET and become part of this exclusive network of like-minded international enthusiasts! Former JET participants will be in attendance to discuss the different elements of living and working in Japan on the JET Program, as well as answer any questions you might have!
